EDUCATION

Bachelor of Science in Information Technology

BICOL UNIVERSITY POLANGUI

2021 – 2025

EXPERTISE

Frontend Development: HTML5, CSS3, JavaScript (ES6+), React 18, Vite, Bootstrap, Tailwind CSS, React Router

Backend Development: Node.js, Express.js, Python, Flask, REST API, JWT Auth, bcrypt, Supabase Edge Functions

Database Management: PostgreSQL, SQLite, MySQL, SQLAlchemy, Supabase

IT Support & Hardware: Hardware Troubleshooting, System Reimaging, Device Configuration, Cable Management, Network Port Monitoring

Developer Tools: Git, GitHub, VS Code, Postman

AI & Productivity Tools: Claude, ChatGPT, Gemini, Grok, Cursor, Replit

Professional Skills

- Critical Thinking & Systematic Troubleshooting
- Self-Directed Learning & Research
- Adaptability Under Pressure
- Team Collaboration & Communication
- Physical Discipline & Mental Resilience

LANGUAGE

- Filipino
- English

PROFILE

Cum Laude IT graduate from Bicol University, Polangui, with hands-on experience in full-stack web development, cybersecurity fundamentals, and IT support. Proficient in building production-ready applications using React, Node.js/Express, Python/Flask, and PostgreSQL – demonstrated through independently developed projects including a coffee shop management system, an AES-256 encrypted password manager, an AI-powered career platform, and a fitness tracking application. Completed an internship at Sutherland Global Services, applying hardware and software troubleshooting in a professional enterprise environment. Adept at leveraging modern AI tools to accelerate development workflows and problem-solving. Seeking a Junior Developer or IT Support role where strong technical foundations and a self-driven work ethic can deliver immediate value.

WORK EXPERIENCE

Sutherland Global Services

Feb 2025 – May 2025

IT Support Intern

- Diagnosed and resolved hardware and software issues across multiple workstations, minimizing downtime for end users
- Monitored network ports and device connectivity to ensure stable and uninterrupted operations
- Configured and deployed computers and peripherals for new and existing employees, ensuring systems were ready for immediate use
- Managed and maintained an organized inventory of computer accessories and components for efficient asset tracking
- Reimaged and restored systems to factory or corporate standards, preparing devices for rapid deployment
- Maintained clean and professional workstation setups through structured cable management

ACHIEVEMENTS

- Certificate of Recognition in Sutherland – 2025
- Python Basic (HackerRank) – 2025
- Python Essentials 1 (Cisco NetAcademy) – 2025
- AWS Cloud Quest: Cloud Practitioner (Certificate of Completion – 2025
- Practical Applications of AI for Daily Use Certificate (ALBAY INSTITUTE FOR ARTIFICIAL INTELLIGENCE) – 2025
- Civil Service Honor Graduate Eligibility (CSC-HGE)
- Introduction to Cyber Security – Cisco NetAcad – 2025
